Stephen – There has been no change to the status of anything at the Grand View facility today. All staff are departing from the site now. They measured 0.06” of rain today from approximately 9:00 to 1:00 and there was no impact to any of the isolated area. There were no activities inside of the isolated area. A few staff conducted permit inspections in areas unaffected by the incident.

Securitas will continue 24 hour coverage at the front gate.

Tomorrow, Saturday November 24th, Jason Evens will be on site during the day to observe conditions.

Jason's cell phone is (b) (6)

Thanks.

TG
